LABORATORY ANIMAL CARE

Volume 13, 1963

**Official Publication of the
Animal Care Panel, Inc.**

O. A. Soave, *Editor*

Published by The Williams & Wilkins Company
Baltimore, Maryland 21202

Copyright © 1963, Animal Care Panel, Inc.

CONTENTS OF VOLUME 13

No. 1, FEBRUARY, PART 1

Editorial. <i>Orland Soave</i>	1
Microbiological Safety Equipment. <i>Joseph V. Jemski and G. Briggs Phillips</i>	2
Biological Safety in the Animal Laboratory. <i>G. Briggs Phillips and Joseph V. Jemski</i> ..	13
Radiological Safety in the Laboratory. <i>Russell F. Cowing</i>	21
The Effects of Orally Administered Sulfamerazine and Chlortetracycline on Chronic Respiratory Disease in Rats. <i>Robert T. Habermann, Fletcher P. Williams, Jr.,</i> <i>Charles W. McPherson and Rex R. Every</i>	28
Treatment of Female Mice and Their Litters with Piperazine Adipate in the Drinking Water. <i>Robert T. Habermann and Fletcher P. Williams, Jr.</i>	41
Intestinal Helminths in Various Strains of Laboratory Mice. <i>Verna M. King and</i> <i>G. E. Cosgrove</i>	46
Some Practical Considerations for the Inbreeding of Laboratory Mammals and Their Use in Biological Research. <i>George L. Wolff</i>	49
Equilibration of the Laboratory Rat Following Exposure to Shipping Stresses. <i>H. A.</i> <i>Dymsha, S. A. Miller, J. F. Maloney and H. L. Foster</i>	60

No. 1, FEBRUARY, PART 2

PROCEEDINGS OF THE CONFERENCE ON PSEUDOMONAS AERUGINOSA INFECTION AND ITS EFFECTS ON BIOLOGICAL AND MEDICAL RESEARCH

List of Participants.....	iii
Introduction: <i>Pseudomonas aeruginosa</i> Infection and Its Effects on Biological and Medical Research. <i>Robert J. Flynn, Argonne National Laboratory, Argonne,</i> <i>Illinois</i>	1
<i>Pseudomonas aeruginosa</i> Infection and Its Effects on Radiobiological Research. <i>Car-</i> <i>olyn W. Hammond, University of Illinois Medical School, Chicago, Illinois</i>	6
<i>Pseudomonas aeruginosa</i> Infection and Its Effects in Non-Radiation Stress. <i>R. Carl</i> <i>Millican, National Institutes of Health, Bethesda, Maryland</i>	11
<i>Pseudomonas aeruginosa</i> Infection and Its Control in the Radiobiological Research Program at Oak Ridge National Laboratory. <i>John M. Woodward, University of</i> <i>Tennessee, Knoxville, Tennessee, and Oak Ridge National Laboratory, Oak Ridge,</i> <i>Tennessee</i>	20
<i>Pseudomonas aeruginosa</i> Infection and Radiobiological Research at Argonne National Laboratory: Effects, Diagnosis, Epizootiology, and Control. <i>Robert J. Flynn,</i> <i>Argonne National Laboratory, Argonne, Illinois</i>	25
A Study in the Control of <i>Pseudomonas aeruginosa</i> in Mice by Colistin Sulfate. <i>Edith</i> <i>L. Wentworth Cumming and Dennis E. J. Baker, Carworth, Inc., and Carworth</i> <i>Laboratories, New City, New York</i>	33
The Control of <i>Pseudomonas aeruginosa</i> in a Mouse Breeding Colony by the Use of Chlorine in the Drinking Water. <i>Raymond W. Beck, Cumberland View Farms,</i> <i>Clinton, Tennessee, and University of Tennessee, Knoxville, Tennessee</i>	41
An Outbreak of <i>Pseudomonas aeruginosa</i> Infection in a Colony Previously Free of this Infection. <i>D. Van Der Waay, W. M. T. Zimmerman and D. W. Van Bekkum,</i> <i>Radiobiological Institute T. N. O., Rijswijk, Netherlands</i>	46
Discussion.....	53

No. 2, APRIL, PART 1

Editorial.....	67
Establishment of a Marmoset Breeding Colony. <i>Kurt Benirschke and Ralph Richart</i> ..	70
Some Aids in the Handling of Large Numbers of Mice. <i>B. E. Kline, Venor Peckham and H. E. Heist</i>	84
A Small Animal Euthanasia Chamber. <i>H. S. Rudolph</i>	91
Management of a Specific Pathogen Free Guinea Pig Colony. <i>John H. Morris</i>	96
Safety Jig for the Insertion of Stoppers into Water Bottles. <i>Rudolph Gand and Edgar A. Watts</i>	101
Feeding Troughs for Guinea Pigs. <i>J. Fabianek</i>	103
Modification of Anal Cup Technique for Small Experimental Animals. <i>Charles Wang and Don Peters</i>	105
Book Review. <i>Nathan R. Brewer</i>	109

No. 2, APRIL, PART 2

DISEASES OF RODENTS

The Diagnosis of Some Forms of Ectoparasitism of Mice. <i>Robert J. Flynn</i>	111
The Diagnosis of <i>Pseudomonas aeruginosa</i> Infection of Mice. <i>Robert J. Flynn</i>	126
The Diagnosis and Control of Ectromelia Infection of Mice. <i>Robert J. Flynn</i>	130
Chronic Respiratory Diseases in Mice and Rats. <i>John B. Nelson</i>	137
Salmonellosis in Mice-Diagnostic Procedures. <i>W. L. Margard, A. C. Peters, N. Dorko, J. H. Litchfield and R. S. Davidson</i>	144
Polyoma and Other Indigenous Mouse Viruses. <i>W. P. Rowe, J. W. Hartley and R. J. Huebner</i>	166

No. 3, JUNE, PART 1

Editorial.....	177
Pioneer in Laboratory Animal Care. <i>Harry G. Herrlein</i>	178
Cooperation for Progress. <i>Joint Statement of the Animal Care Panel and Institute of Laboratory Animal Resources</i>	179
Effects of Ether and of Sodium Pentobarbital upon Turtle Blood. <i>Harold M. Kaplan</i> ..	181
Dietary Studies in Mice. <i>Donald J. Dean and Clifford Duell</i>	186
Diets without Greens for Guinea Pigs. <i>Donald J. Dean and Clifford Duell</i>	191
Control of Fish Diseases. <i>S. F. Snieszko and Glenn L. Hoffman</i>	197
A New Method for Restraining Rabbits for Percutaneous Absorption Studies. <i>Elvin A. Newman</i>	207
Casters—Characteristics and Uses on Animal Care Equipment. <i>Elmer J. Hoeltge</i> ...	211
Book Review: Notes for Breeders of Common Laboratory Animals.....	218

No. 3, JUNE, PART 2

PROCEEDINGS OF THE SYMPOSIUM ON RESEARCH ANIMAL HOUSING

Session I.....	219
Introductory Remarks. <i>Bennett J. Cohen</i>	221
The Future of Research Animal Care Facilities. <i>Lester Gorsline</i>	222
Discussion. <i>George T. Harrell</i>	241
Criteria for Animal Room Design. <i>W. V. Pipher</i>	251
Discussion. <i>William C. Dolowy</i>	258
Construction Materials. <i>E. Vernon Barker</i>	265
Discussion. <i>Orland A. Soave</i>	271
Session II.....	275
Programming for Isolation, Quarantine and Infectious Disease Facilities. <i>P.</i>	

Wayne Deeble.....	277
Discussion. G. Briggs Phillips.....	291
Programming a Radionuclide Animal Treatment Facility. A. C. Andersen.....	299
Discussion. J. R. Novak.....	310
Moderator's Comments. R. J. Flynn.....	313
Session III.....	319
Air Treatment for Research Animal Housing. John H. Alschuler.....	321
Lighting Criteria for Animal Housing. Kenneth W. Cobb.....	332
Criteria for Acoustics in Animal Housing. Adam Anthony.....	340
The Adequacy of Electric Power. J. Philip Schaefer.....	351
Considerations in Waste Disposal. John A. Gardner, Jr.....	357
Programming Distribution Systems. James R. Livingston.....	369
Criteria for Incinerating Systems. Morgan C. Larkin.....	382
Discussion. Bernard F. Trum.....	394
Session IV.....	401
Cage Washing Area Planning and Design. Francis S. Faust.....	403
Programming Storage Facilities. M. Paul Brott.....	419
Planning and Equipping Animal Operating Facilities. John A. Holbrook and N. R. Brewer.....	424
Planning and Equipping a Disease Diagnostic Control Laboratory. H. Summer- field Day.....	431
Discussion. William I. Gay.....	439
List of Symposium Registrants.....	442

No. 4, AUGUST, PART 1

Editorial. W. Lane-Petter, <i>Humane Vivisection. Reproduced by permission of "The Practitioner", Symposium on "The Development of New Drugs". London, England.</i> ..	469
Important Factors Contributing to Reduction in Mortality in a Monkey Colony. R. B. Westcott and M. M. Rabstein.....	474
The Effects of Colony Disease upon Behavioral Studies in Primates. W. A. Wilson..	485
An Analysis of the Rochester Animal Technician Training Program. Sol. M. Michael- son.....	490
A Disease of Mice Characterized by Lung Congestion. R. J. Flynn, Isabel L. Greco and Patricia B. Jenkins.....	499
The Operation of an Efficient Surgical Research Laboratory. D. E. Battles, J. K. Longerbeam and R. C. Lillehei.....	502
An Inexpensive Facility to House Farm Animals Used in Research. Jerome Krupp..	512
Uniform and Favorable Conditions for Experimental Rats. H. S. Simms, B. N. Berg and C. A. Slanetz.....	517
Beagles for Pharmacological Studies. P. C. Underwood and C. G. Durbin.....	525
Erratum.....	529
Program of the 14th Annual Meeting—Animal Care Panel.....	531
Calendar of Events.....	534
Abstracts of 14th Annual Meeting of the Animal Care Panel.....	535
Commercial Exhibitors—14th Annual Meeting of the Animal Care Panel.....	559

No. 4, AUGUST, PART 2

PROCEEDINGS OF THE THIRD SYMPOSIUM ON GNOTOBIOTIC TECHNOLOGY

Introduction to the Symposium. Philip C. Trexler, University of Notre Dame.....	569
An Isolator System for Control of Contamination. Philip C. Trexler, University of Notre Dame.....	572

Hand Feeding of Suckling Rodents. <i>J. R. Pleasants, D. R. Zimmerman and B. S. Wostmann, University of Notre Dame</i>	582
Comments on Surgery and Terminal Procedures in Gnotobiotic Experiments. <i>H. A. Gordon, University of Notre Dame</i>	588
Refinement of the Cylinder Technique for Supplying Germfree Plastic Isolators. <i>Norbert A. Jaworski and Carl E. Miller, National Institutes of Health</i>	591
An Inexpensive, Autoclavable Germfree Mouse Isolator. <i>H. Ira Pilgrim and David B. Thompson, University of Utah College of Medicine</i>	602
A Microbic Flora for the Gnotobiotic Laboratory Animal. <i>P. C. Trexler and B. J. Skelly, University of Notre Dame</i>	609
The Quality of Laboratory Animals. <i>Berton F. Hill, National Research Council</i>	616

Panel Discussion

The Gnotobiote and the Production of Laboratory Animals. <i>Berton F. Hill, National Research Council</i>	612
The Use of the Flexible Film Isolator in the Large Scale Production of Small Laboratory Rodents. <i>C. N. Wentworth Cumming, Carworth, Inc., and Dennis E. J. Baker, Carworth Laboratories</i>	614
Gnotobiotic Animal Production at the Charles River Breeding Laboratories, Inc. <i>Henry L. Foster and Erving S. Pfau, The Charles River Breeding Laboratories, Inc.</i> ..	619
Some Recent Developments in Gnotobiotic Technology. <i>Andrew R. Schmidt, The A. R. Schmidt Company</i>	623
The Gnotobiotic Dog. <i>Richard A. Griesemer and John P. Gibson, The Ohio State University</i>	643
The Use of Axenic Pigs in the Laboratory to Study Hypoglycemia. <i>J. Schaffer and J. Ashmore, University of Indiana Medical Center; P. C. Trexler, University of Notre Dame; B. G. Eaton, SPF Enterprises; and D. Walcher, Indiana University Medical Center</i>	650
The Procurement and Rearing of Gnotobiotic Swine. <i>R. C. Meyer, National Institutes of Health; E. H. Bohl, R. D. Henthorne, V. L. Tharp and D. E. Baldwin, The Ohio State University</i>	655
Rearing Cesareotomy-Derived Swine in Controlled Environments—Present Status. <i>C. K. Whitehair and G. L. Waxler, Michigan State University</i>	665
Round Table Discussion on Rearing Gnotobiotic Swine. <i>C. K. Whitehair, Michigan State University; B. G. Eaton, SPF Enterprises; A. L. Starkey, Star-Key Laboratories; W. P. Switzer Iowa State University; and J. L. Calverley, Healthy Hog Enterprises, Ltd.</i>	673
List of Participants	680

No. 5, OCTOBER

The Effect of Restricted Availability of Water on the Incidence of Enteritis and on Growth in Young Rabbits. <i>Robert B. Casady, et al.</i>	685
Effects of Exercise and Confinement on Growth, Maze Learning, and Organ Weights in Rats. <i>Bennett J. Cohen and Louis J. Serrano</i>	689
Sanitation Prerequisites in the Production and Storage of Laboratory Animal Feeds. <i>James M. Cox and Richard A. Boettcher</i>	697
The Care of Infant Rhesus Monkeys (<i>Macaca mulatta</i>). <i>Robert W. Fleischman</i>	703
The Large Scale Production of Cesarean-Originated, Barrier-Sustained Mice. <i>Henry L. Foster, et al.</i>	711
Recovery of a Pleuro-Pneumonia-like Organism from the Genitalia of the Female Albino Rat. <i>W. R. Graham</i>	719

Neonatal Deaths in Relation to Production of Experimental Beagles. <i>D. H. McKelvie and A. C. Anderson</i>	725
Parasitism in an Established Dog Kennel. <i>R. M. Johnson, et al.</i>	731
Reduction of <i>Pseudomonas aeruginosa</i> and Coliform Bacteria in Mouse Drinking Water Following Treatment with Hydrochloric Acid or Chlorine. <i>Charles W. McPherson</i>	737
Sewage Lagoons for Laboratories and Kennels. <i>R. K. Mohrman, et al.</i>	745
An Efficient Watering Procedure for a Colony of Small Rodents. <i>Donald A. Olewine</i> ..	748
An Effective Control of Polyplax Infestation without the Use of Insecticide. <i>Donald A. Olewine</i>	750
Blood Coagulation in some Common Laboratory Animals. <i>H. C. Rowsell and J. F. Mustard</i>	752
Book Review. <i>Animal Astronauts</i>	763

NO. 6, DECEMBER

Circular versus Linear Type Colonies. <i>Warren Clark</i>	765
The Pigeon as a Laboratory Animal. <i>Thomas B. Clarkson, Robert W. Prichard, H. B. Lofland and H. O. Goodman</i>	767
Red-Leg Treatment. <i>Erich L. Gibbs</i>	781
The Etiology and Diagnosis of Aleutian Disease of Mink. <i>J. D. Russell, J. M. Bennett and B. B. Hancock</i>	784
Hepatitis in Marmosets. <i>Robert M. Sauer and Robert W. Bishop</i>	790
Comparative Profiles of Various Strains of Rats Used in Long-Term Feeding Studies. <i>Henry Sherman</i>	793
Primate Roentgenographic Positioning Apparatus. <i>Robert J. Young</i>	808
